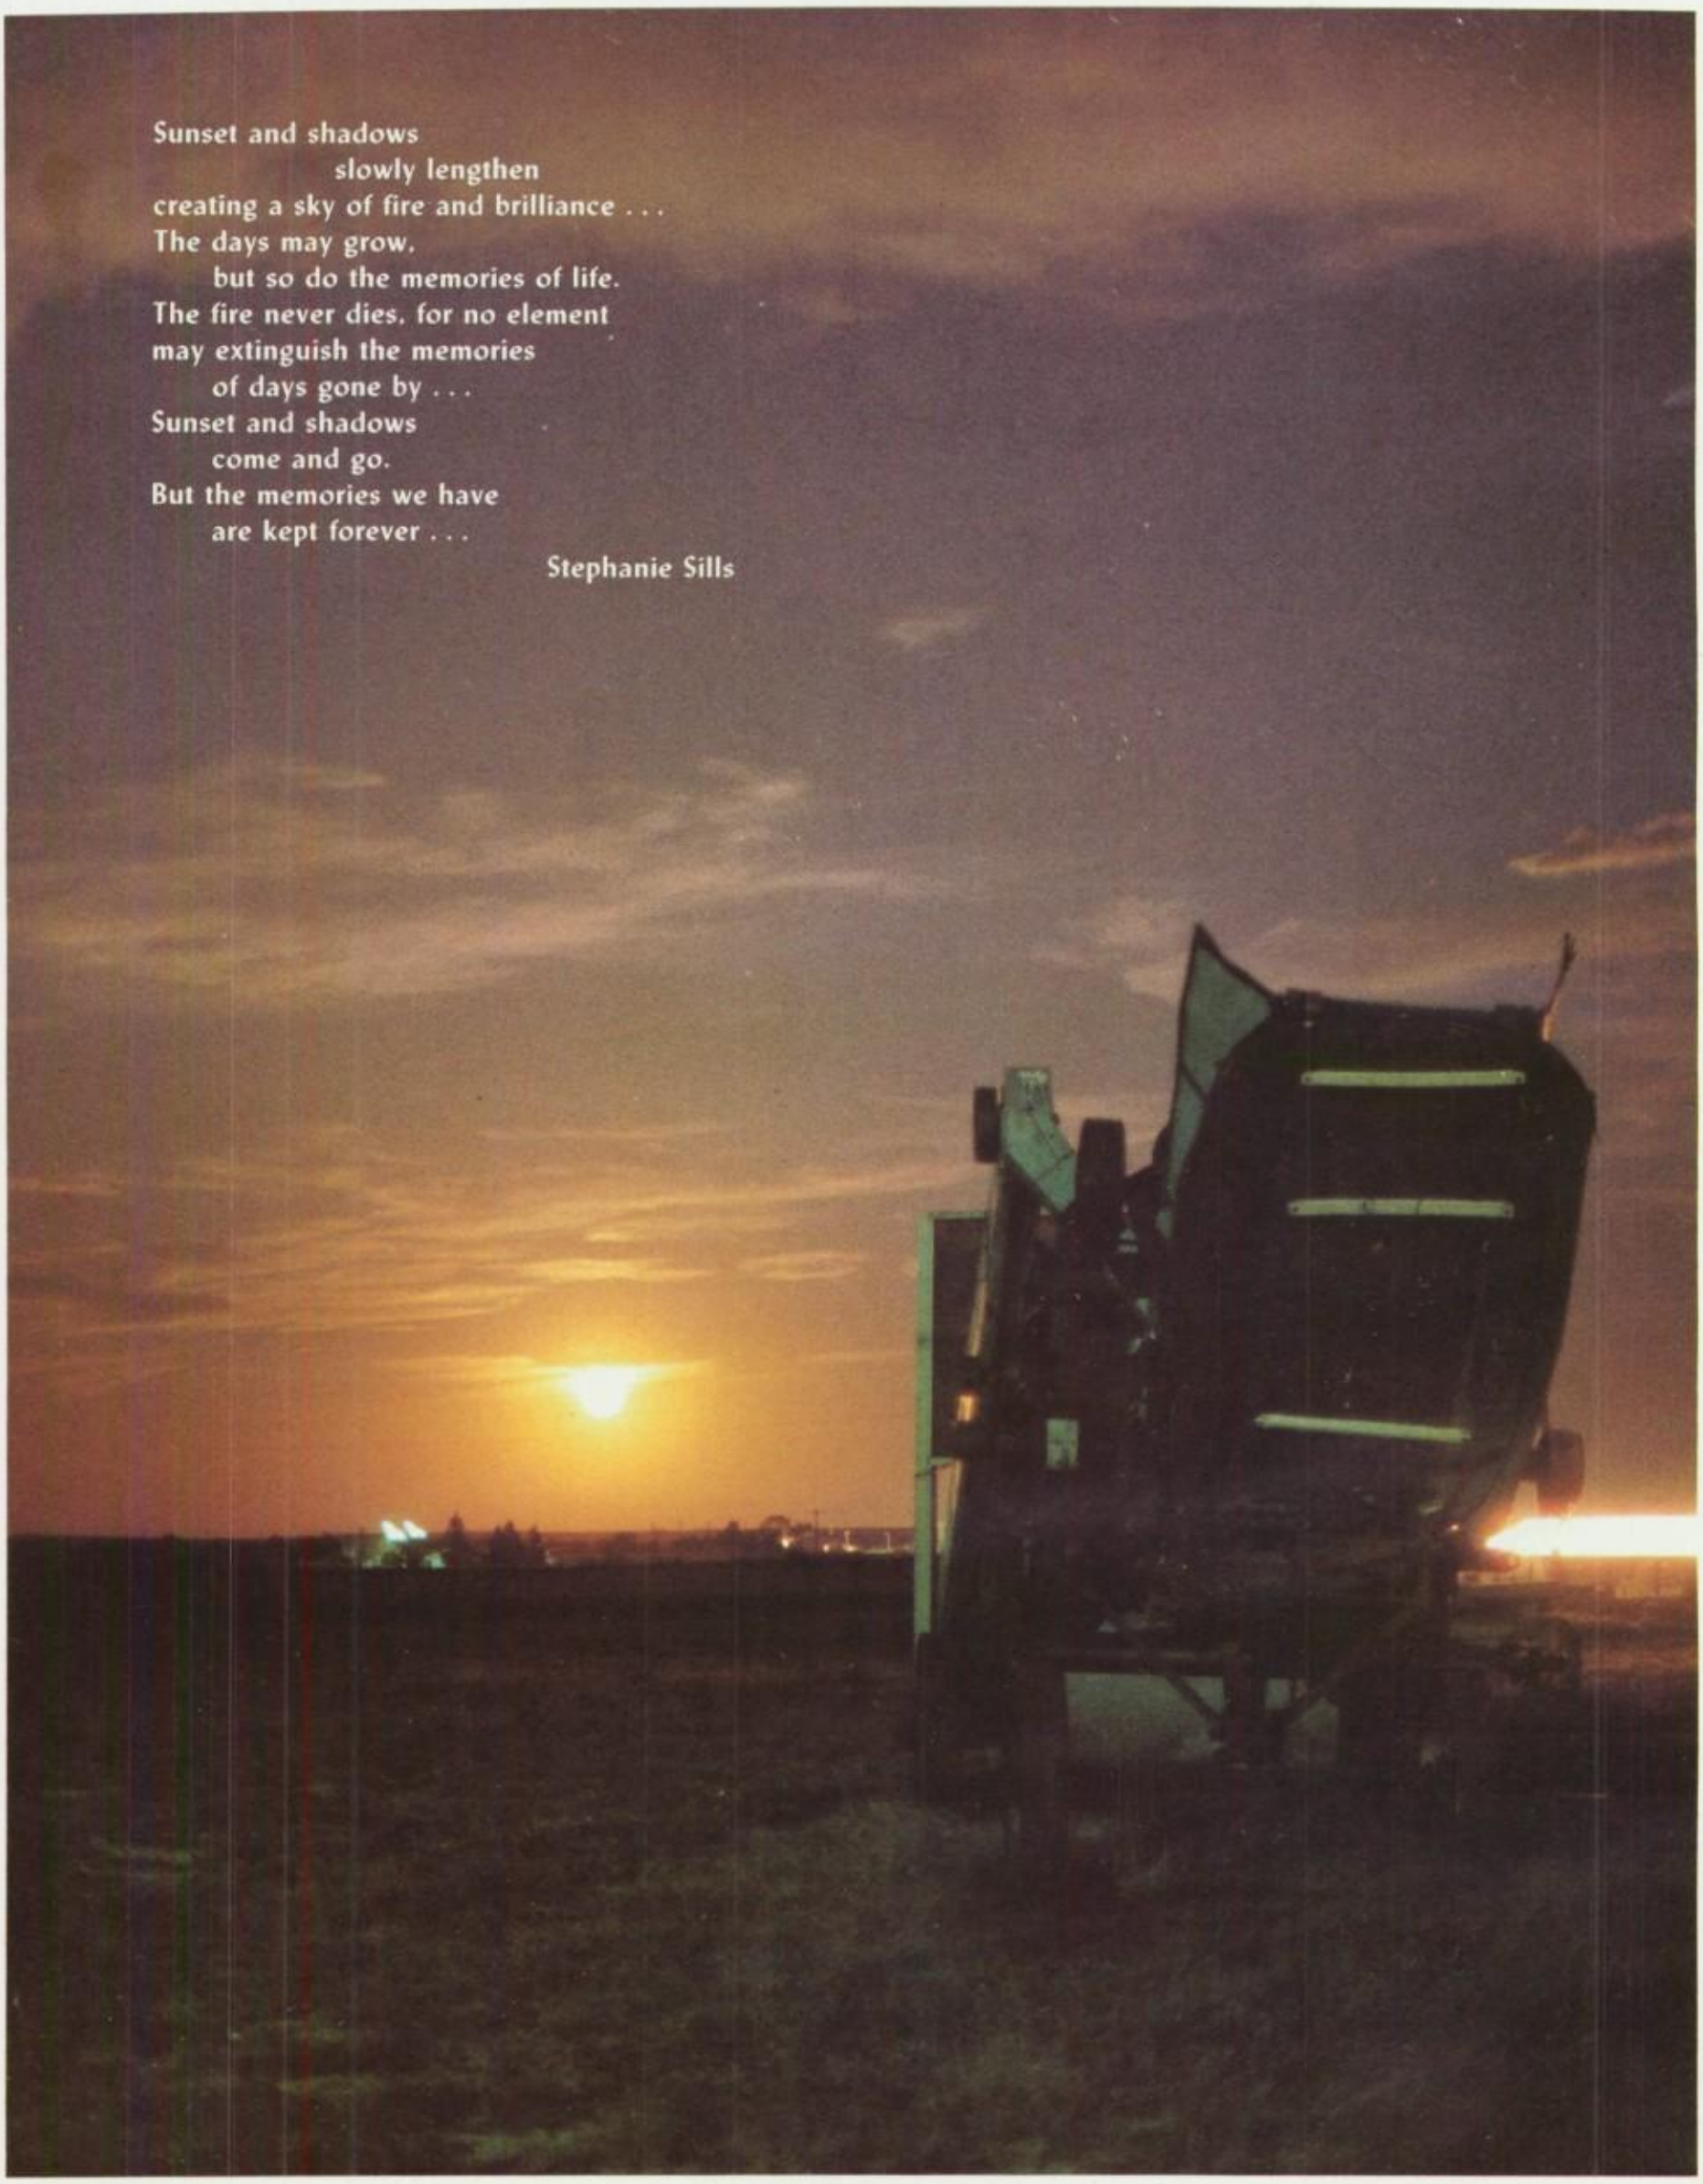
Colt Life



Sunset and shadows
slowly lengthen
creating a sky of fire and brilliance . . .
The days may grow,
but so do the memories of life.
The fire never dies, for no element
may extinguish the memories
of days gone by . . .
Sunset and shadows
come and go.
But the memories we have
are kept forever . . .

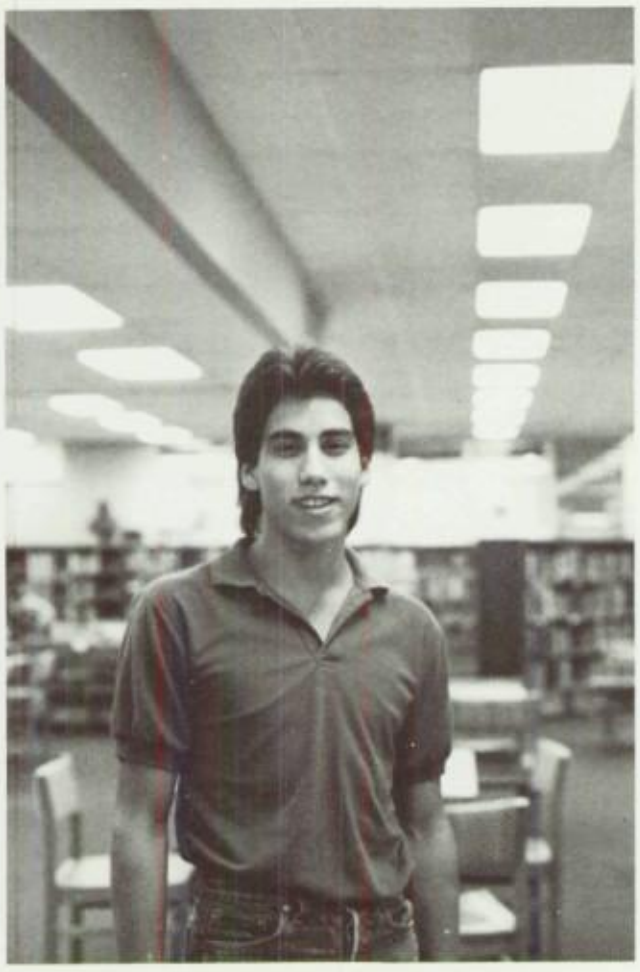
Government

How has involvement with High School Government changed your life?



Involvement in School Government has provided me with an opportunity to express myself as a leader and a chance to really feel a part of South

Mark Luna

By being a part of school government in acting as Key Club president, I have learned responsibility, leadership, faithfulness and many other values that are important to anyone who wants a solid foundation in life.

Matt Newton

A leader is best
When people barely know he exists,
Not so good, when people obey and declaim him,
Worse when they despice him,
But of a good leader, who talks little,
When his work is done, is aim fulfilled,
They will say:
We did it ourselves.

Lao-tse (c. 565 B.C.)

Mrs. White

Involvement with high school government has changed my life because it has helped me to become a more well-rounded person. The most important change though, is the many people I've met and friends I've made. Having been a member of Student Council has given me memories I'll treasure for the rest of my life.

Seth King

Being involved in high school government has helped develop a variety of responsibilities for me and is a good foundation for my future.

Sports

What has SPORTS meant to you?

It's made me more competitive in life.
Carl Thomas

From the discipline I learned from sports, I feel I can reach any goal I set out for myself.
Debbie Martinez

Sports has meant a lot of dedication and determination, but most of all an attitude that says "NEVER SAY DIE."
John Dosen

Sports have really been a big part of my life. It's helped me to realize that you should never quit in anything you do.
Shelly Borton

It means going straight and learning to be dedicated to something and giving it all you've got.

Spirit

"What is your interpretation of spirit?"

"To me, spirit is the enthusiasm of the whole student body joining together, where all of the kids join in and participate."

Mickey Hoyle

(It is) . . . "how everybody supports everyone else and always recognizes excellence from football, band and other extra-curricular activities. We don't know how fortunate we are, but it's great when the band takes the field and everyone, young and old cheer. It's great seeing everyone dressed in Black and White on Friday. To me, that's school spirit."

Mr. Cozzetto

"Spirit is the togetherness a school shares, cheering your team onto victory and uniting as one to make your school the very best it can be."

Jeanie DeLeon

"My interpretation of spirit is a feeling of pride you have for your school. It is when you show up for school events and cheer the team on. It is also when you get involved in school events and school projects."

Britteny Justice

"To me, spirit is being wild and rowdy with your friends, but still being able to show your pride in yourself and your school"

Royalty

What do you think of being part of South's Royalty?

It is a great honor to be a part of South High's Royalty, not to mention a wonderful opportunity and memory that will last a lifetime.

Shawna Rogers

Throughout my years at South I've tried to represent South with great spirit and pride . . . and what better way to end my years at South then as a member of its royalty.

Kathy Vukich

Being a part of South Royalty is a great honor. To be able to represent South High School in this way makes me proud, as it reflects the way the student body feels about the Royalty.

Chris Haering

To me, being part of South Royalty is an honor because this award is chosen by students.

Tom Cabibi

Being a part of the Homecoming Royalty was and still is so super special to me, not only because of the honor but because of the unity and togetherness that come with that honor.

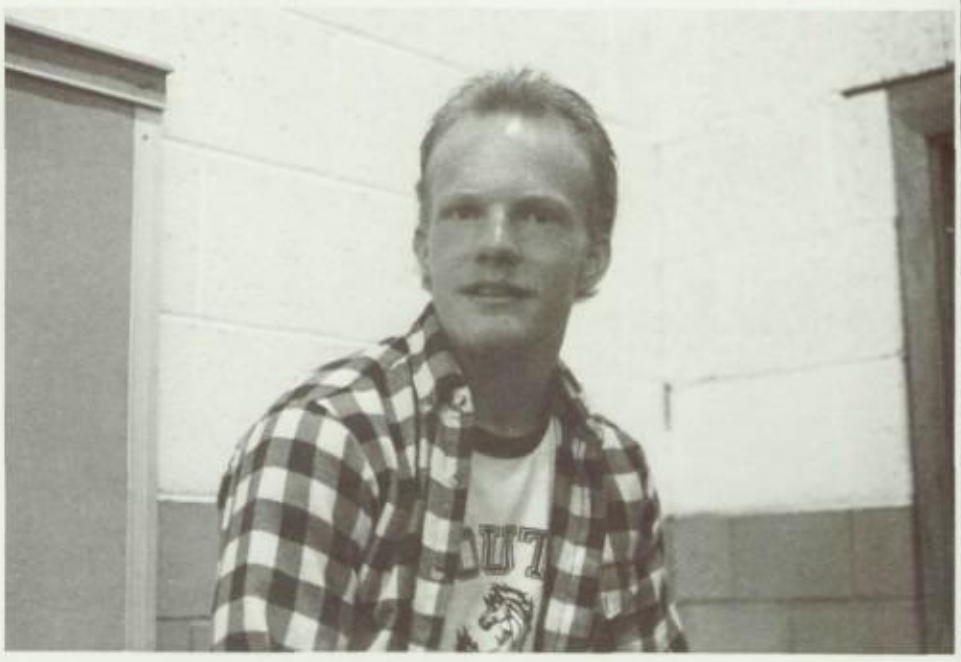
Fine Arts

"How has participation in the arts enriched your life?"

Being a member of the South High band has been a great learning experience, and I have a lot of special friends. The people in the band are like a family because we work together for a common goal, to win! The State Champion band has been a great fun and enjoyable experience.

Pat Amann



Participation in the arts has been one of the greatest things in my life. It's made me see that that's what I want to do with my life.

Rob Anselm

Being involved with the Fine Arts has helped me to like myself, and because of this, I have learned how to better communicate and work "with" other people.

Sandi Schlottach

Participation in the performing arts has enriched my life a great deal. I am able to express myself many ways through music, and it also gives me a sense of relaxation from the troubles of everyday life. It is hard for me to imagine what my life would be like without music in it somewhere.

Kim Jenson

Being in music has:

1. taken me on choir tours to Hollywood, Las Vegas, many states, and twice to Europe . . .
2. given me confidence in myself,
3. introduced me to people I otherwise would never have met . . .
4. given me a way to serve others by making them happy through entertainment,
5. challenged me in many ways to be at my best under stress,
6. relaxed me and reduced stress - it's a hobby I enjoy,
7. provided me with a steady income and purpose in life,
8. given years of fun, happiness, and *many* friends!

Kim,

I really want to say thanks for standing by me when I really needed a friend. We went through some bad times together but we always came out the best of friends. I hope everything works out for you and Jim because you guys deserve the best. And you better come back when we get married too because you both mean so much to me & Allen. Take care of Jimmy too he's sooo cute. I love him just as much as you two. You are a very special part of my life and I hope you always will be. When me & Allen had problems & lost my faith you always renewed it just listening & giving me a shoulder to cry on, and the understanding no one else seemed to have. In my heart you'll always be like a sister to me So take care of yoursely & your new-family. And don't forget to keep in touch because I already miss you.

Friends Forever

Love Ya
